EXPERIENCE

Full Stack Developer Intern
DoubtConnect

📅 Jun 2021 – Present   📍 Remote Job

- DoubtConnect is a Mumbai-based startup that aims to connect students with teachers for last-minute doubt sessions with AI-matchmaking algorithms.
- Developed the Android application using Kotlin and Web application using ReactJs.
- Briefly looked and edited the back-end code.
- Code and edit UI layouts based on given design.
- Apply different approaches to solve problems.

Technical Director
X-Uberance'20 Virtual Fest

📅 Sep 2020 – Nov 2020   📍 Kolkata, WB

- X-Uberance'20 was a Virtual Fest conducted by my high school.
- Developed the Android Mobile Application for this fest, managed the website and graphic team, and reported directly to the President.
- The Application was connected to Firebase Services - Authentication and Cloud Firestore.
- The Application was informative, detailing the events, timings, rules and regulations. The Representatives of each school could register their participants, submit their videos for certain events and Bet to gain virtual points.
- (Mobile App) (Website)

Java Head Teacher
CodeTheUniverse.org

📅 May 2020 – Dec 2020   📍 Remote Job

- Taught the basics of Core Java to uprising programmers across the globe.
- Assessed student's performance and level of curiosity, and graded their homework
- Managed the team of Java Teachers and designed the curriculum that was taught.
- Held meetings and proposed a credit system which would further motivate students to learn programming.

A DAY OF MY LIFE

Learning cool new things · Spending time with family · Studying · Sleeping · Watching Series · Writing
